*Welcome* to our orthodontic office! We are pleased you have chosen our office for an orthodontic evaluation. We look forward to meeting you.

Your first appointment is an INITIAL EXAMINATION. During this visit, Dr. Ziaja will review the health history and perform a detailed facial growth and orthodontic evaluation to determine if any orthodontic needs are present. Dr. Ziaja will discuss his findings, the necessary treatment, and the most appropriate timing for treatment. The proper time to begin treatment depends on the severity of the problem. Some people should be treated at a young age to intercept problems before they develop or become more difficult to correct. Others can wait until adolescence or adulthood. Dr. Ziaja has the proper training and experience to determine the best age for treatment with the least amount of time and expense. If it is determined this is not the best time to start treatment, we will then begin the OBSERVATION process for periodic re-examinations so that growth and development can be monitored until treatment is indicated.

When treatment is recommended, an appointment for DIAGNOSTIC RECORDS (x-rays, molds of the teeth, and photographs) will be made so your treatment needs can be thoroughly evaluated by Dr. Ziaja. The next appointment, the CONSULTATION, will involve a detailed discussion of the orthodontic problem and the proposed treatment. The anticipated length of treatment and financial arrangements (typically a down payment and monthly installments) will also be discussed. This is a very important and educational experience. It is when you learn about and have an opportunity to provide valuable input regarding the final plan of treatment.

You will find the Initial Examination will be very thorough. Our experience shows that knowledgeable people make informed decisions and become our best patients with the most rewarding results. So that Dr. Ziaja may spend extra time discussing his findings, **please fill out the "Medical and Dental Health History", "Get Acquainted" patient registration form and the "HIPPA Form to Complete" documents.** Please fill out these forms in advance and *bring the completed forms to the office on the day of your first appointment* or email them to [yourmagicssmile@gmail.com](mailto:yourmagicssmile@gmail.com) prior to your appointment. The forms are in a fillable PDF format, so you can fill them in and save them on your device. They cannot be saved on the website nor be submitted through the website.

For background information on Dr. Ziaja and our office, please review the "Dr. Ziaja Profile" from Crittenton Hospital and our brochure - "Create the Magic of Your Smile for LIFE".

Every effort will be made to make our office worthy of your trust and to provide you with high quality, personal care in a comfortable atmosphere. Our office uses an open and informative approach toward treatment. We encourage you to feel comfortable to discuss any aspect of the treatment at any time. We take time to educate you, answer your questions, and keep you informed of Catherine's progress throughout treatment. We look forward to the opportunity to serve you and provide orthodontic care to you and your entire family.

We look forward to seeing you. If you have any questions, please feel free to contact our office.

Sincerely,  
Robert R. Ziaja, D.D.S., M.S. and staff
