

All Orthodontists can straighten teeth...
Learn About The ZIAJA Difference!

There is something special about a Ziaja Smile because ...

- ◆ We go beyond “just straightening” teeth by creating Smiles meant to last
- ◆ Achieving the “perfect bite” is an often neglected detail - critical to long-term stability & long-term health
- ◆ Dr. Ziaja performs the treatment on each patient at every appointment
- ◆ Complete treatment with proper dental relationships and torque
- ◆ Progress x-rays taken to check root position in bone for better stability
- ◆ Second molars are properly aligned
- ◆ Utilize growth to avoid extractions of permanent teeth and/or surgery

As our patient, you too will be assured of the attention to detail that you deserve!

DOES ALL OF THIS REALLY MATTER?

YES!

The proof is in the long term retention.

Dr. Ziaja removed this patient's braces 10 years ago!

“My braces have been off since February 2000 and my smile is still beautiful.” KH
